**Fee: \$372 per term (8 sessions x 1.5hrs) or  
\$1488 for 4 terms (32 sessions x 1.5hrs)  
Prices before GST.**

**Analytical Thinking Skills™ or ATS® is the science of analyzing and improving our reasoning ability, with a view to improving the quality of our decision making.**

The LogicMills® method brings out your child's NATURAL curiosity and teaches systematic problem solving TECHNIQUES in a **FUN** and **EXPERIENTIAL** learning environment.

Our **expert curriculum** is

- Designed and continuously updated by university professors
- Customized to complement Singapore's education system
- Delivered by a world-class teaching faculty
- Conducted in a fun and stress-free learning environment
- Scientifically proven to generate positive learning outcomes

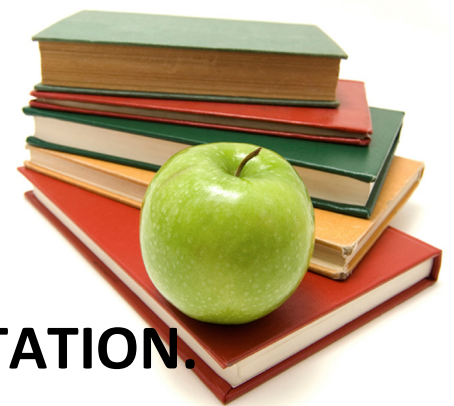

As Singapore's education system moves toward nurturing critical and independent thinkers, ATS® becomes crucial in giving students the tools and frameworks to use in comprehending fundamental concepts and applying them across multiple subject domains. We prepare your child with the cognitive skills to become better and more efficient thinkers.

LogicMills is the pioneer in Analytical Thinking Skills™.
