Want your child to think better in time for the PSLE? Take LogicMills' new PSLE Intensive course for Primary 5 and 6 students. We took our proven Analytical Thinking Skills course and condensed it into just three months, allowing your child to refine his thinking before taking the PSLE. As a bonus, our teachers will also provide your child with indispensable tips on how to stay focused and prepare for exams.

The course is broken up into two parts. The less intense ATS Level 1 and 2 classes will last 1.5 hrs x 8 sessions, to be completed within 2 weeks. The more intense ATS Level 3 and 4 classes will last 3.5 hr x 4 sessions, with one session per week.
